

## GENERAL REVISION OF TARIFF NOW IS HOUSE PROGRAM

Speaker Clark Says Country  
Demands Action—Pre-  
dicts Long Session.

By THEODORE H. TILLER.

Predicting an all-summer session and declaring that the Democratic House intends to stay in Washington until the Senate acts upon bills revising various tariff schedules, Speaker Champ Clark today outlined the tentative program of the Democrats. The party proposes a general revision of the entire Payne tariff.

The Speaker is hopeful that the coalition among Senate insurgents and Democrats will hold together. In this event he forecasts remedial tariff legislation that will be put directly up to the President either to sign or veto.

Speaker Clark declares that the public is not in the mood to accept excuses for a delay in revising the tariff. The Republican plan, that the tariff board "has not made its report," observes Mr. Clark, will not be received with patience by the country.

"The tariff board," said Speaker Clark, "has been in existence something like eighteen months. So far as Congress is advised, it has learned nothing and when we passed the bill revising the wool schedule the board reported, on the very day that the bill passed the House, that it had no information to transmit regarding the wool schedule."

Probable Program.

"In view of recent developments in the Senate, and a coalition between the insurgents and Democrats there who want a revision of the House, the program of the House will be as follows, generally speaking:

"The House will mark time for ten days or two weeks. Meanwhile work will progress on the cotton schedule, and it may be ready to lay before the House within three weeks. The Ways and Means Committee must spend considerable time on this schedule, which is rather intricate, but with cotton out of the way, the committee may make better time on some of the less involved schedules in the Payne law.

"We are going to shoot tariff bills up to the Senate just as fast as we can frame them properly and secure their passage in the House. The cotton schedule probably will be followed by a revision of the sugar, iron, steel, and other sections of the Payne-Aldrich law.

Revision Demanded.

"Representative Clayton has introduced a bill to lower the duty on sugar and to strike from the law all reference to 'No. 5 Dutch standard,' the retention of which benefits only the refiners.

"I have seen reports that the President will veto all tariff legislation enacted in advance of the report of the tariff board. We cannot help that if such proves to be the case. We take the position that a general revision of the Payne law is needed, and that it is demanded by the people.

"In the light of the situation today I see no prospect for an early adjournment. I hope that those who favor tariff revision in the Senate will stick together. Congress, however, cannot be absolutely depended on."

The Speaker smiled reminiscently here, thinking of the Democratic-insurgent coalition that overthrew Speaker Cannon in the rules fight more than a year ago.

Tariff and Trade Pact.

"What will be the attitude of the House if the Senate tacks the free list bill and the woolen schedule as riders to the 'Canadian reciprocity agreement'?" the Speaker was asked.

"I don't believe they will do any such thing," said Mr. Clark, which indicates that the Democratic leaders believe that reciprocity will stand on its own bottom and that tariff bills, if they are passed by both houses, will be put up to the President on their own merit.

I can tell you what the House will do with the Root amendment, if it is added to reciprocity," continued Speaker Clark. "We will turn the Root amendment down in short order."

Angry Husbands Pounce  
On Avenue Mashers

Three young matrons, three would-be mashers, and three stalwart husbands, formed a triple sort of "triangle" in the E street office of the Postal Telegraph Company last evening. In the upshot, the three husbands had ruffled feelings and the three mashers had a black eye apiece, except one man who had two.

The married couples dined at the Cafe Republic and then walked over toward the telegraph office, the women complaining to their husbands. A short fight ensued, ending in the election of the obnoxious trio.

Complaints of going of women after midnight are being made with regularity to police headquarters.

Kentucky Much Richer  
In Farms and Buildings

Farm lands and buildings in the State of Kentucky have increased 66 per cent in value during the last ten years, according to information made public by the Census Bureau in the Department of Commerce and Labor today.

The total value of the farm land in Kentucky in 1910 is given as \$483,127,000, while the buildings on it were appraised at \$196,655,000.

Ninety-five per cent of the farms in Kentucky are operated by white farmers, according to the census. During 1910 expenditures for labor amounted to \$12,151,000, an increase of 84 per cent.

Army School Holds  
Commencement Fete

LEAVENWORTH, Kan., June 23.—The army school of the line, at Fort Leavenworth, has completed its annual sessions, graduating exercises being held yesterday.

Five honor graduates are Capt. W. W. Burt, Twentieth Infantry; Capt. C. W. Weeks, Twenty-eighth Infantry; Capt. H. A. Drum, Twenty-third Infantry; Capt. T. N. Horn, Third Field Artillery, and Capt. J. E. Bell, Second Infantry.

Mercy in Tokyo Murder.

VICTORIA, British Columbia, June 23.—Tokyo papers arriving here give great cause to the acquittal by a judge of a Japanese boy who killed his brother to relieve him of the pain of a cancer.

## Is Teacher of Aviation

CAPT. C. DE FOREST CHANDLER.

## HEAD OF AVIATION SCHOOL FOR ARMY ONCE SERVED HERE

Captain Chandler Will Have  
Charge of College Park  
Experiments.

Capt. C. De Forest Chandler, who will have charge of the aviation experiments and aeronautic school at College Park, is well known in Washington and was on duty several years ago in the office of the chief signal officer here as disbursing officer.

He left here over a year ago and went to Fort Leavenworth, Kan., and graduated at the army signal school there June 6, last. He is a licensed balloon pilot, and has participated in numerous balloon contests. He was one of the participants in the competition flight for the James Gordon Bennett trophy, in 1907, and sailed in the balloon America, covering nearly as many miles as the winners, and it is thought, would have won the prize except for the fact the America was driven out of its course by adverse winds.

Unmuzzled Dog Bites  
Boy in Stanton Park

Playing in Stanton Park, at the intersection of Maryland and Massachusetts avenues northeast, Kenneth Burch, a seven-year-old boy, of 613 Third street northeast, was last night bitten in the arm by a stray dog. He was taken to Casualty Hospital where the wound was cauterized.

The police of the Ninth precinct succeeded in capturing the dog, which is held for examination to determine the presence of rabies. An effort is being made to determine the owner of the animal so that prosecution for allowing the dog at large without a muzzle may be made.

New Counterfeit Bill,  
But Poorly Made, Found

The Secret Service division of the Treasury Department has announced the discovery of a new counterfeit \$5 silver certificate, and has issued circulars of warning concerning it. The new counterfeit, according to Chief Wilkie's office, is printed on two pieces of paper, between which the silk threads have been placed. The lathe work is very poor, and lacks the light and shade effects of the genuine.

It is not expected that the department will be troubled very much with these notes, as the general effect is such that they can easily be detected.

Helps Baby's Bowels Free

Any mother with a child given to constipation should send her name and address to Dr. Caldwell and secure a free sample bottle of a remedy especially adapted to the cure of this trouble in children. There is no remedy on the American market today more widely used for this purpose than Dr. Caldwell's Syrup Pepsin. It is in thousands of homes for just this purpose. It is the best child's remedy obtainable, and any mother having trouble with her children's bowels owes it to herself and the child to make a free test to see for herself whether these claims are justified. Thousands say they are, but you should find out for yourself, so send your address today for a free sample bottle. Then, after having used it, if you are convinced it is the remedy you need, do as other mothers are doing and go to your druggist and buy it in the regular way at fifty cents and one dollar a bottle. The dollar bottle is for families. Every household should have such a remedy at hand, as one can never tell when some member of the family will suffer from constipation, indigestion, liver trouble, sour stomach, sick headache, etc. Here is a laxative that the youngest child can take with safety, and yet is effective on the strongest constitution. No child will refuse it, as it is very palatable, and it never gripes. Results are absolutely guaranteed or money will be refunded. You can see from the testimonials printed here and in other announcements how enthusiastic people are about this remedy. This should in itself prompt you to begin its use, but if you do not want to be put to any expense before being convinced, then send Dr. Caldwell for the free sample bottle. After that you will always have it at hand.

Use Dr. Caldwell's Syrup Pepsin

I am taking Syrup Pepsin and think it is the grandest medicine I have ever taken for constipation and I have taken all others I could hear of. I cannot praise it enough for what it has done for me and also my children. May your great medicine be in every home.—MRS. S. A. BRAMSTITTER, Chickasha, Okla.

I must say that I am on the second bottle of Syrup Pepsin and it has done me more good than all of the medicine I ever took. I cannot speak too highly of it. I feel thankful that I ever wrote you about the medicine. It can eat most anything and it doesn't distress me.—MRS. ELLEN DUNGAN, Muncie, Ind.

DR. CALDWELL PERSONALLY WILL BE PLEASED TO GIVE YOU ANY MEDICAL ADVICE YOU MAY DESIRE FOR YOURSELF OR FAMILY PERTAINING TO THE STOMACH, LIVER, OR BOWELS. ABSOLUTELY FREE OF CHARGE. EXPLAIN YOUR CASE IN A LETTER AND HE WILL REPLY TO YOU IN DETAIL. FOR THE FREE SAMPLE SIMPLY SEND YOUR NAME AND ADDRESS ON A POSTAL CARD OR OTHERWISE. FOR EITHER REQUEST THE DOCTOR'S ADDRESS IS DR. W. B. CALDWELL, 708 CALDWELL BUILDING, MONTELEONE, ILL.

COMMITTEE MAKES  
PERSONAL APPEAL  
FOR FOURTH FUNDS

## COMMITTEE MAKES PERSONAL APPEAL FOR FOURTH FUNDS

Canvass of Business Men to  
Be Made in Effort to  
Raise Money.

With but \$2,124.78 in the treasury and \$500 needed to insure the success of the Fourth of July celebration, the joint committee of the Board of Trade and Chamber of Commerce is making a personal appeal. A canvass of business men and citizens who are asked to contribute toward the fund. It was the hope of the committee that the responses to its circular letters would render a personal appeal unnecessary, but recent subscriptions having been few, this course was decided upon as a last resort.

Where to Send Funds.

The committee will find it impossible to visit all who are interested in the celebration, and asks that subscriptions be sent to George W. White, treasurer of the Safe and Sound fund, National Metropolitan Bank building.

The largest individual item of expenses is for fireworks, the program of which was announced today by Col. J. Fred Kelley, chairman of the fireworks committee.

Daylight and night exhibitions will be given on the Ellipse south of the White House. The daylight exhibition will begin at 11 a. m., and will consist of Japanese figure bombs, shells, exploding in the air, release birds, flags, reptiles, and other novel figures; fiery serpent bombs, releasing high in air hundreds of twisting snakes and long fiery serpents and other novelties to delight the small boy and his parents.

The night exhibition, beginning at 8:30, will rival that of last year.

Fireworks American Flag.

In addition to the usual display of skyrockets and bombs, the committee will offer several special devices, among them a huge American flag, 600 feet square, and the "Washington quadrangle," consisting of a huge place revolving in conical fashion, concluding with jets of jeweled and silver spray.

The contract for the fireworks has been awarded to the North Beach Fireworks Company of Astoria, L. I.

The display will be followed by the illumination of Pennsylvania avenue from the Capitol to the Treasury.

Want Fire Engine to  
Lay Riggs House Dust

Business interests in the blocks between F street and New York avenue and Fifteenth and Fourteenth streets have filed requests with Commissioners Rudolph and Johnston for the services of a fire engine to deluge the Riggs House, now being rapidly razed to the ground.

The old structure, much of it dating back to ante-bellum days, is crumbling to dust, and the mortar dried so that when the bricks and stones are torn down clouds of dust are thrown into nearby offices and office buildings.

Many business firms transact their affairs in the Riggs House, and doors closed, despite the heat, but still the gritty substance seeps in.

The contractor razing the buildings says his streams of water are playing on the disintegrating pile, but the business men assert that the water is being thrown on the wrong side, with material and not on the buildings.

It is likely the Fire Department will be ordered to send an engine around the Riggs House, and to throw streams on the structure until the work of demolition is ended.

Bethesda Citizens Plan  
Old-Fashioned Fourth

Bethesda citizens will celebrate the Fourth of July in the old-fashioned way. Speeches, athletic sports, ball game and fireworks are on the program. The celebration is to be held under the auspices of the Bethesda Citizens' Association. The program will start at 1 o'clock in the afternoon at the grounds in Woodmont, Md., on the Rockville car line.

Officers of the association are: President, Charles H. Becker; vice presidents, Alfred Wilson, M. J. Beardslee, S. D. Caldwell, and D. P. Morgan; recording secretary, John S. Bolamba; financial secretary, W. A. Bolinger.

Surrendered as Fugitive.

William Keller, of 25 South Hare street, Baltimore, has been returned to that city to face charges of embezzling about \$100 from the Lozak Silk Company, by which he was employed. He was arrested at 1523 Ninth street northwest by Detective Berman last night, and is said to have confessed to the shortage in his accounts.

Mrs. Pinchot Recovering.

Mrs. J. W. Pinchot, mother of Gifford Pinchot, is recovering today from an operation for appendicitis, performed yesterday in New York at the home of her son, Amos Pinchot. She is said to be out of danger.

## This Man Is Missing

ARTHUR PARKER.

## PICTURE SHOW MEN TO AID IN HUNT FOR A MISSING HUSBAND

Wife of Arthur Parker, Gone  
Since October, Faces  
Eviction.

Moving picture managers will be asked to aid in locating Arthur Parker, the moving picture operator who has been missing since October 23. Search of Oceanpark warehouse has failed to throw any light on the whereabouts of Parker.

The needy condition of Mrs. Parker and her two children makes it imperative that the missing man should be found or that help be given from outside sources.

Mrs. Parker continues hopeful that she will get some word from her husband and that he will come back. But the police believe that the man's long absence means that his reappearance is unlikely.

The girl of fifteen who is now the sole support of her mother and brother, was just ready to enter high school when Parker went away. This daughter has been forced to give up school. The boy who is thirteen years old, may also have to give up school and go to work.

Mrs. Parker's mother, who lives just outside of Baltimore, has the orphan children of another daughter and the care of an invalid daughter. She cannot support them.

An earnest appeal is made by Mrs. Parker to the public to assist her in locating her husband. Until the eviction process puts her out of doors on June 23, any word can be carried to 422 O street northwest, where she is.

The police are continuing their hunt for Parker.

Many in Capital Own  
Chicago Bank Stock

Washington citizens are prominent as stockholders in Chicago banks, according to annual reports of Chicago associations.

Secretary of the Treasury MacVeagh has the largest banking interests there of any Washingtonian. He and his wife own 4,638 shares of the Continental and Commercial National Bank. Lawrence Williams, Edgar C. Clark, J. E. Eilers are George E. Roberts, Mrs. E. Cable, Mrs. Jessie C. Kaufmann, Mrs. Edythe A. P. Corbin, John T. Marchand, George C. Rankin, E. P. Bicknell, and Mary K. Matthews.

## Builders of Cleveland To Be Capital's Guests

Members of the Cleveland Builders' Exchange, of Cleveland, Ohio, will be guests of Washington next week, accompanied by their wives. A delegation of about 15 is expected.

The party will arrive Wednesday and spend two days in sightseeing, making its headquarters at Congress Hall, as guests of the Washington Builders' Exchange.

THIN FOLKS MADE FAT

Good, healthy flesh can only be gained by the use of the proper food, together with natural action of the organs of assimilation. Nine people out of ten in order to weigh as much as they ought and be perfectly healthy, should use Samose, the great flesh forming food and health restorer. Weigh yourself before commencing to use these little tablets, and see how your weight increases from week to week.

Samose does not contain a particle of starch or pepsin, nor is it any nauseating preparation, such as is usually recommended to make people fat and which does not build up good healthy tissues. Samose has valuable flesh-forming properties, tones up and strengthens the whole system, helps the food that is eaten to be assimilated in a natural manner and absolutely restores health to all the organs.

If you are not perfectly satisfied with the results from Samose James O'Donnell will return your money without any quibbling.
